GROSS MISDEMEANER  
FELONY**

Our mission is to guide each person to a positive future through accountability, compassionate but firm interaction, coordinating resources and bringing stability to their lives!

## **DIVERSION MONITORING RESTORATIVE JUSTICE**

Diversion Solutions coordinates with service providers (local and our own) to bring support, direction, and guidance on how to correct behavior.

Our efforts focus on developing skills in an individual, starting with self-respect and then focusing on removing or reducing barriers for each person to become a productive leader in the future.

We know the value of individual accountability and being responsible for your own actions.
